

## Kölner Signcoll

### Intended use

An adhesive for goldleaf special developed for Pinstriping technics, Lettering, Stencil work, Painting Arts, Decorative arts, Fauxfinish, hand-painted wallpaper etc.

Kölner Signcoll is an adhesive for Gold Leaf. Work can be done quickly and effectively, the adhesion is perfect and thin lines can be applied. The Signcoll can be diluted with water, adjusted to the type of brush (hair type) and surface. Gilding with Signcoll is almost scratch-proof and only gives gold leaf a high shine.

The Signcoll is developed for fine decorative work. For larger projects as architectural gilding it is not suitable, the Instacoll gilding system is recommend

Usable for **gilding indoors**, outdoors only with a clear coat.
